DENVER AEROSPACE
POST OFFICE BOX 179
DENVER, COLORADO 80201
TELEPHONE (303) 977-4488

05 January 1983

TO: Mr. John N. McMahon

Dear John:

I am attaching the report prepared by the Defense Science Board, dealing with mapping, charting and geodesy, in which you had indicated an interest when we talked recently. During the preparation of the report I had several discussions with [redacted] so his office is aware of the effort. Should you wish to see any other material prepared by the DSB, that could be easily arranged. Please just let me know.

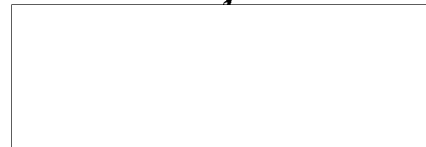

STAT

I certainly enjoyed seeing you during your visit to Martin Marietta. I hope you share my view that generally good progress is now being made on most all fronts. The recent lay-offs we have had to undertake have now generally stabilized the workforce, and although we continue to have a number of interesting and challenging activities, I believe the benefits of the increased stability of our workforce will be an additional positive factor.

Please call on me if I can be of any assistance to you. All best wishes for a successful 1983.

Sincerely,

STAT
